

COALINGA HIGH SCHOOL
Web Page Design 1 and 2 - Syllabus

Instructor: Mr. Chagoyan
Department: Business
Location: North Wing - Room 208
Email: mrchagoyan@chusd.org

Course Description

The Web Page Design 1 (Web Design) course is designed to introduce the elements involved in **designing** Web pages using HTML, CSS, and graphics. In addition, the use of Web authoring software such as Dreamweaver, and Fireworks (or Photoshop) will also be covered. Throughout the year, students will be required to develop Web pages, both individually and with partners.

The Web Page Design 2 (Web Development) course utilizes the aforementioned Web technologies with an emphasis on **development** (programming). This is accomplished by building on skills in HTML, CSS, and graphics. Students add to their skill set by learning basic JavaScript and jQuery.

General Objectives

- Learn Internet technologies
- Utilize web authoring software efficiently and effectively
- Utilize modern development techniques in developing Websites
- Produce professional level Websites

Materials Needed

- A pen or pencil (not used often but be prepared)
- A school assigned gmail account

There are no textbooks for these classes. All material is learned via lecture, the Web, in-class demonstrations, hands-on activities, and projects. Taking notes is required for certain key topics. Fortunately, you will be able to take notes online.

Behavior Standards/Consequences

The following class rules will be enforced:

- **Pay attention to the teacher** - No talking while the teacher is talking
- **Raise your hand for assistance** - Do not shout the teacher's name and please be patient
- **Work quietly** - Collaboration is encouraged, but class volume must stay low
- **Take care of computer equipment** - Do not change computer settings or delete files

Students are expected to arrive on time and follow school and class rules. Internet game playing, unauthorized Web surfing, and **computer settings changes are prohibited**. Absolutely no food or sodas are allowed. Students are expected and encouraged to communicate and assist one another. However, class volume should still be kept low.

Grading Policy

Units of the course will be graded based on the following criteria:

Assignments
Participation (Activities)
Quizzes
Tests
Projects

Grading Scale	
90-100	A
80-89	B
70-79	C
60-69	D
0-59	F

Points are given for assignments, quizzes, tests, and projects. Grades are calculated based on points earned to total possible points.

There is generally no homework assigned in this class. All handouts and assignments are class work. In case of absences, assignments are available on my Web site. **It is the student's responsibility to get make up assignments and handouts. They can be found on my website or on canvas. Make up work can be completed at lunch or at home with school issued laptops.**
